NEW ACADEMIC YEAR 2021-22

Dear parents and students,

Greetings from Marygiri.

I am sure you are eagerly waiting for the commencement of the new academic year. As the situation is not favourable only online classes are possible.

Please take note of the following points:

▪The new academic year commences in June

2nd June for Classes 1 to 9

9th June for KG

The first couple of days will be spent for getting along and for a quick revision of the previous year topics.

▪New section wise WhatsApp groups will be created for fast communication. The old groups will remain until the new one becomes fully functional. Do not exit from the groups unless you are asked to. Student's personal number (if there is any) will not be added.

▪For queries contact the new class teacher.

▪Google Meet and Google classroom will be used for the teaching - learning process. Zoom/Microsoft Teams will be used for bigger meetings.

▪Unlike last year it will be fully live classes (division wise)

▪Once finalised request for change of division will not be entertained. Division changes will be made from the school if it is required for other reasons.

▪Since it is lockdown the textbook distribution is not possible. It will be done once the lockdown is lifted. Until then the teachers will be uploading the relevant pages for the students to use.

▪GK, Value Edn and computer textbooks are not given this year. Alternative arrangements will be made.

▪No notebooks will be distributed. You can use the unused ones or can buy for yourself.

▪Those parents who have applied for the extension of date for the payment of fee dues are reminded to do it at the earliest.

▪Further information will be given in the new class groups.

Wishing you all a fruitful academic year.

Regards

Principal
